## Profile

I am Esrat Jahan, a student of SWE department at Daffodil International University. In my academic life, I was taught that how to set your goal according to your aspiration. I have a great ambition of system development and analytical site just like this job position.

I did a lot of task that suit this position, as example solving problem, critical thinking, development system, analytical leadership etc. On the other hand, I did a lot of group work at university so, I have better experience in this portion. Also I expert in software requirement analysis (SRS). Hope to do my best in my very first career.

## Education

**Software Engineering - Daffodil International University, Sukrabad, Mirpur road, Dhaka**

May 2017 - Present  
CGPA till now: 3.92

**Higher Secondary Certificate - Cumilla Victoria College, Cumilla**
